

EASTON  
OUTDOORS

COME HOME TO  
**PARADISE**

**IN YOUR OWN BACKYARD**

SPRING 2018 EDITION | [EASTON-OUTDOORS.COM](http://EASTON-OUTDOORS.COM)

**EXPERIENCE  
THE**

**LIFESTYLE**

Started 2003, in my parents backyard, Easton Outdoors has been creating paradise in backyards all over the greater Coastal Virginia area for years. We pride ourselves on producing water features that appear to have been created by Mother Nature, by working with natural stone & water to sculpt artistic aquatic scenes. Helping families reconnect, relax & rejuvenate outdoors is our passion and we consider ourselves fortunate each time someone places their trust in us to bring their backyard paradise to life!

**MAKING WATER FEATURES LOW MAINTENANCE  
BY FOLLOWING MOTHER NATURE'S PLAN.**

Experience the Easton Outdoors lifestyle with one of our custom water features designed specifically for you. Whether you choose from an Ecosystem Pond, Disappearing Waterfall or Decorative Fountainscape - you'll be inspired by the sight & sound that water brings to your landscape. Why spend thousands on a vacation for a short time when you can own the relaxing enjoyment of a water feature for a lifetime!

**— WATER FEATURES FOR EVERY DREAM & BUDGET —**

# LEARN THE

# ECOSYSTEM

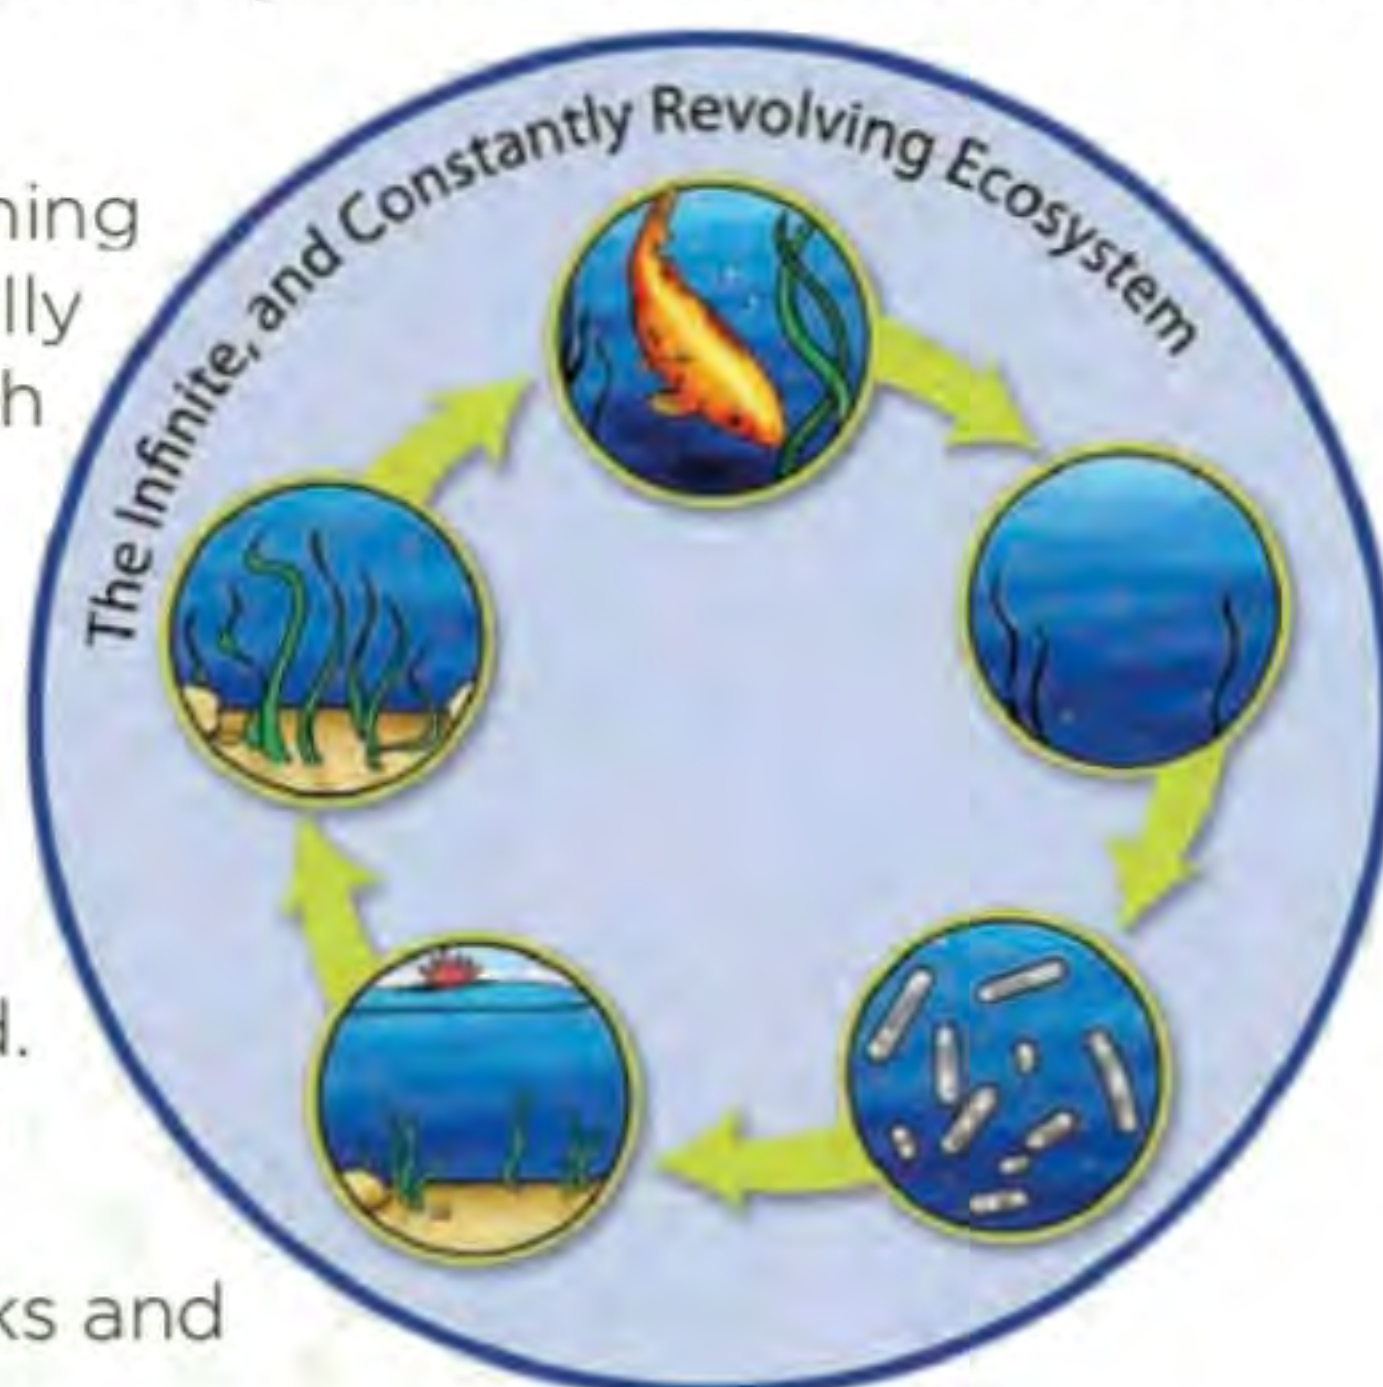

Ecosystem ponds can be easy to understand if you have a good grasp of what components go into a basic, low-maintenance ecosystem. An ecosystem pond works with Mother Nature to provide food, shelter and safety to the wildlife in and around it. It also provides you with an all-natural, low-maintenance piece of paradise.

It's important to remember that every piece of the ecosystem puzzle must be present in order for a true ecosystem to be in place. Eliminate one of these elements and you've got an unbalanced ecosystem that won't be so low maintenance anymore.

In order to have a successful water gardening experience, you must think systematically and understand the critical role of each ingredient:

- The fish nibble on old plant life, including algae.
- In turn, the fish produce waste, that along with other forms of natural debris, falls to the bottom of the pond.
- Debris and nutrients are broken down by the aerobic bacteria and other microorganisms colonized on the rocks and gravel in the pond.
- Once broken down, these substances are absorbed as nutrition by the plants the plants grow and are once again nibbled on by the fish.

# LET'S TALK ABOUT THE 5 ELEMENTS OF A HEALTHY ECOSYSTEM

**1. FILTRATION SYSTEM:** Utilizes both a biological and a mechanical filter. A BioFalls (biological filter) provides surface area for beneficial bacteria to colonize and remove excess nutrients from the water. A Skimmer (mechanical filter) will not only pre-filter the water and house the pump; it will also skim debris from the waters' surface to prevent excess accumulation of organic materials on the pond floor. Skimmers are also very effective at preventing mosquitos from breeding.

**2. ROCKS & GRAVEL:** Rocks and gravel protect pond liners from UV light degradation. They also provide tremendous surface area for beneficial bacteria to break down excess nutrients in the water and dissolve organic debris on the pond floor.

**3. RECIRCULATION SYSTEM:** This is really just a fancy way of saying "pumps and plumbing". The proper size pump and pipe diameter are extremely important for the functionality and aesthetics of a water feature. More importantly, an efficient circulation system will keep the water moving and provide the necessary oxygen levels for healthy fish, plants and beneficial bacteria.

**4. FISH:** Fish are an integral part of any ecosystem. Unfortunately, fish are often seen as high maintenance. Contrary to popular belief, fish actually reduce maintenance as they graze on string algae and feed from the pond floor. They also make very enjoyable pets, providing hours of natural entertainment.

**5. AQUATIC PLANTS:** Mother Nature's true filters, plants are great for adding character to a pond by providing color and texture. From a filtration perspective, they're second to none. When given proper coverage, aquatic plants thrive from the excess nutrients in an ecosystem pond and deprive algae of its food source. Because of this, aquatic plants are critical for the overall health of the ecosystem.

# POND PACKAGE **TRANQUILITY**

Our tranquility pond series is a popular choice for pond hobbyists who want an affordable entry point into the Atlantis Water Gardens lifestyle. The Tranquility pond series is designed with a smaller footprint at 10' wide, while still using AquascapePro Signature Series professional-grade equipment.

## ENHANCEMENTS **FRONT DOOR FALLS**

*Choose from any of our enhancement packages designed specifically for maximum enjoyment of the Front Door Falls series:*

**NIGHTTIME ILLUMINATION UPGRADE:** **\$990**

It's like owning 2 different ponds! Magical underwater lighting effect includes (2) LED underwater lights, transformer & installation.

**STRING ALGAE ELIMINATION SYSTEM:** **\$1200**

Have you ever seen string algae? Don't worry, with this system you never will!

**DRIFTWOOD UPGRADE:** **\$300**

(2) small pieces Premium freshwater driftwood incorporated beautifully for the Front Door Falls series.

**FAUX ROCK COVER:** **\$190**

Great for disguising outlets or other pond apparatus.

**WATERFALL UPGRADE:** **\$495/VERTICAL FT**

Want a taller waterfall on your Disappearing Falls? Bigger is better when it comes to this upgrade!

**AUTOMATIC WATERFILL VALVE:** **\$495**

Never worry about dragging out the garden hose again!

## **A Splash At Your Front Entrance**

Disappearing Waterfalls are simply a recirculating waterfall and/or stream without the presence of a pond. You can enjoy the sight and sound of running water with very little maintenance. If space is lacking in your yard or you have safety concerns with a pond, go with a Disappearing Waterfall!. Our Disappearing Waterfall packages are designed to fit any space and can range in size from 4' up to a 30' long stream.

# FOUNTAINSCAPE

Fountainscapes make great use of smaller spaces by bringing a vertical aquatic element to your backyard!

Choose from any of these  
(4) Fountainscape options  
on an Aquabasin for only:

**\$4,500**

**PROFESSIONALLY INSTALLED**

# RELAX WITH PEACE OF MIND WARRANTY

We pride ourselves in offering the best products and services, because of this we can offer the best warranties in the industry. All of our AquascapePro Signature Series filters and skimmers come with a limited lifetime warranty.

Our EPDM liners offer a limited 20 year warranty against failure. Since liners only deteriorate from the sun's UV rays, we cover the entire liner with boulders and river gravel for added protection. This provides natural looking beauty, but it also protects your liner from cuts, tears and UV rays.

We also provide a full one year warranty on all materials and workmanship in the water garden installation. This includes material failure, leak repair and any labor cost incurred for repairs.

**\*\*Financing Disclaimer\*\***

\*Monthly payment based on qualifying purchase price of \$7895 (for Tranquility pond) and \$15995 (for Serenity pond) at a reduced interest charge of 9.99% for 11 years from purchase date. Fixed monthly payments are required equal to 2.336% of initial promo purchase amount until promo is paid in full. The fixed monthly payment will be rounded up to the next highest whole dollar and may be higher than the minimum payment that would be required if the purchase was a non-promotional purchase. Regular account terms apply to non-promotional purchases. For new accounts: Purchase APR is 26.99%; Minimum interest charge is \$2. Subject to credit approval. Call for additional details.

# RENOVATIONS

## YOUR WATER FEATURE

Whether your current water feature is a DIY project, a contractor project gone wrong or an older water feature - WE CAN HELP!

Easton Outdoors offers extensive options tailored to help with your current waterscape. Even if your pond or waterfall is aesthetically beautiful, you may be lacking proper filtration. We can possibly fix this by adding one of our Signature Skimmers or biofilters.

Perhaps you might be looking for a visual uplift or renovation? Look no further because making ponds look better than new is our specialty! Let Easton Outdoors rebuild your pond into the paradise you deserve!
